

How Can effective use of HR & Payroll Help Improve Business Performance?

To improve your business performance introduce the following initiatives

Hours vs productivity

Monitor hours logged can help:

- Identify those people who are completing task in less time.
- Spot the people who are simply spending too long at work.
- Identify efficient working hours that could benefit work & personal lives.

Introduce flexible working hours

Agree limited carry-overs for Holiday's

Ask employee for improvements

Don't run overtime every day/week
